

Join our mission to lift children out of bed poverty by becoming a volunteer.

1. Application

We will share with you our Application Pack which contains the list of volunteering opportunities and our application form.

2. Brief Chat

Step 1 and 2 are interchangeable. The brief chat is to share with you more about Zarach, answer any questions you may have about our volunteering opportunities and get to know you better!

3. Recruitment

We will conduct a brief interview (if applicable), carry out a few checks like DBS and references, and share the induction documents with you.

4. Training

We will share our mandatory training with you which must be completed to volunteer with us and arrange an induction with your team to prepare you for the role.

5. Support

You will be well supported by the Volunteer Development Officer and your team throughout your time at Zarach. We will ensure that we always recognise volunteers' contribution to our mission.

6. Grow

We will provide you with opportunities to grow by offering optional trainings such as first aid, and references.

7. Thank You

When it's time to say goodbye, we would love to get some feedback about your experience volunteering with us and thank you for your support!
